Introduction

When I joined the ACTFA committee as a general member in 2003 I had never been on a committee before. I did not know what was expected or what had gone on in the years before.

What I found was that there was not a lot of help for new members of the committee, there did not seem to be much information about the history of the Association, and in fact there were no records from the years previous. With my time on the committee growing, I have been thinking about the history of Fencing in the ACT.

At a Sydney competition this year I was shown a news paper clipping that indicated that Fencing was in the ACT in 1927. Previous to this we had indications from the late 60's early 70's only.

I am hopeful that this information can be maintained to assist future ACT fencers to understand what happened in ACT Fencing for 2008.

I would like to express my thanks to all of the members of the 2008 ACTFA committee. I have been blessed with the good fortune to have a committee that works well together. As the majority of the work of the committee is handled by email, when we do have our meetings they are a very informal affair. It has been a pleasure working with them all.

Competitions Records

In 2008 there has been 25 competitions held across 2 weapons. (No Sabre events have been held as there has not been enough interest shown by the sabreurs to warrant the running of Sabre events. It is hopeful that in the future we can expand the program to include sabre events.)
